

SDSU-TILOS AI Seminar Series

November 4

Learning for Multi-Agent Autonomy in Uncertain and Unstructured Environments

Huy T. Tran is an Assistant Professor in the Aerospace Engineering department at the University of Illinois Urbana-Champaign, Urbana, IL. His research currently focuses on autonomy in uncertain and unstructured environments, with an emphasis on reinforcement learning, multi-agent systems, and controls applied to robotics and intelligent transportation systems.

WEDNESDAY | 11 a.m. to 12 p.m.

LAMDEN HALL (LH) 247
